CHICAGO (UPI) — Wheat was higher, corn and soybeans lower and oats fractionally higher at midmorning Wednesday on the Chicago Board of Trade.

Wheat was up 2 1/4 to 1 1/4 cents, corn off 1 1/4 to unchanged, oats up 1 1/4 to 3/4, and soybeans unchanged to off 2 1/4 cents.

The strike by grain handlers at Thunder Bay, Ontario, and rumors the strike will spread to western Canada, was supportive in the wheat pit. Also adding strength was the belief by some traders the market was due for an upward correction following recent declines. Door sources said.

Commercial firms were heavy buyers of corn and wheat.

Export inspection figures released Tuesday were higher for wheat and corn and lower for soybeans but termed neutral overall.

Country movement was light because of lower futures prices Tuesday, cash merchandisers said.

The midmorning prices included:

Wheat Sept. 3.97 1/2 up 1/4; Dec. 4.21 1/4 up 1/4; March 4.43 1/4 up 1/4.

Corn Sept. 2.83 1/4 off 1/4; Dec. 2.96 1/4 off 1/4; March 3.13 1/4 off 1/4.

Amusement Ordinance Referred To Committee

BY DAVE LONG
Staff Writer

The rules committee of the Logansport City Council will study the city's amusement ordinance.

The council Tuesday evening decided to pass the ordinance to the rules committee for evaluation following a debate on the present law.

The ordinance, passed in 1942, limits use of amusement machines in the city to persons 18 years of age and older and also limits licenses for the machines to city residents.

Restrictions are also placed on the locations of the machines and where the license must be attached to them.

City Councilman John Davis said he was approached by local game room owner Mark Leslie concerning the ordinance, and Davis said City Attorney John Hillis has also been approached by a group asking the council to study the ordinance.

Davis earlier termed the ordinance "ridiculous and outdated," and Tuesday night he suggested the rules committee meet with those involved in the licensing and operation of amusement games in the city to study it.

Davis said the ordinance needs to be revamped.

Councilwoman Ellen Glendening questioned the reasoning for the regulation of the machines. "Is there still a valid need for regulations?" she asked.

Davis said the ordinance in 1942 was originally geared to prevent those under 18 to use the machines for gambling purposes.

Glendening reminded the council that there are state laws which regulate gambling in Indiana.

Hubert Leslie, another local amusement machine owner, said he feels the ownership of the machines should be regulated so that there won't be any "bad elements" controlling them.

County Council Trims \$155,641 From Budgets

The Cass County council tentatively cut \$155,641 from 1982 county budgets Tuesday.

The council is expected to complete its budget cutting work late tonight. It will resume its budget session at 5:30 p.m. in the county commissioners' room of the County Government Building.

First reading of the 1982 budgets needed to operate county government ended at 5:30 p.m. Tuesday.

Heaviest cuts were \$32,000 from the County Highway Department, \$27,734 from the Welfare Department, \$22,255 from the wide variety of items in the commissioners' budget, and \$21,147 from the sheriff's budget.

The Woodland Acres (County Home) budget was trimmed \$8,200; superior court, \$7,450; county government building, \$7,700; Memorial Home, \$4,050; data

processing, \$4,045; jail, \$3,850; and county plan commission, \$3,150.

Other budget reductions on first reading were as follows: auditor, \$300; recorder, \$300; surveyor, \$1,925; coroner, \$2,410; prosecutor, \$360; county assessor, \$1,050; Eel Township Assessor, \$400; other township assessors, \$1,900; extension office, \$1,600.

Drainage board, \$525; Civil Defense, \$1,765; circuit court, \$775; and health department, \$750.

Further cuts will be made when the council takes up the 1982 salary requests tonight. The council is expected to agree upon a combination of a percentage of present salaries plus a flat amount in granting pay raises so there will not be so much difference between raises given the highest paid officials and those in the lower salary categories.

Local Men Face Check Charges

Two Logansport men facing forgery charges were arraigned in Cass Superior Court Tuesday.

John V. Finn, 2013 E. Wabash River Road, pleaded guilty to two counts of forgery.

He was charged in connection with the cashing of two checks at the Corral Supermarket on August 12 and 17.

The checks allegedly were stolen.

Judge Mark Y. Brown ordered a pre-sentence investigation. A sentencing date remains to be set.

Finn's bond was revoked and he was lodged in the Cass County jail pending sentencing.

The arraignment of Marvin D. Seward, 706 1/2 Washington St., was continued until Sept. 24 to allow the defendant to secure counsel.

Seward also was charged with two counts of forgery in connection with the checks passed at Corral.

Seward was lodged in the Cass County jail. His \$500 cash bond was continued.

Two Young Cyclists Hurt In Accidents

Two Logansport bicyclists were injured Tuesday in separate accidents.

Ernest L. Truax, 15, 538-10th St., was admitted to Memorial Hospital after the bicycle he was riding was struck by an auto driven by Jeffrey E. Brown, 17, 2015 E. Broadway.

Truax suffered head injuries and was listed in satisfactory condition Wednesday morning at Memorial.

Police said Brown was traveling east on North Street through the intersection of Sixth Street on a green light when the accident occurred.

The Truax youth was traveling south on Sixth Street when he entered the intersection on a red light, police said. Truax's bicycle struck the left front fender of the Brown auto.

Phillip J. Goldstine, 12, 417 W. Miami Ave., suffered facial scrapes when his bicycle was struck by an auto driven by Harry E. Turner, 68, 722 Race St., police said.

Turner was westbound on West Miami Avenue near the intersection of Barron Street when the Goldstine youth rode into the path of the auto from between two parked cars on

the north side of the street, police reports indicate.

Turner told police he was unable to avoid striking the bicyclist.

Goldstine did not require medical treatment.

Two Thefts Reported

City police are investigating two thefts from vehicles.

Gary Holcomb, 133 W. Linden Ave., reported Tuesday morning that a cassette case with 20 cassette tapes and a tool box with assorted tools were taken from the back of his jeep which was parked in front of his residence.

A flashlight, a pair of pliers and several screwdrivers also were taken from the glove box.

Bobby L. Toom, 1312 High St., reported Wednesday morning that someone broke open the right wing window of his van.

Taken was an AM-FM cassette stereo and two speakers.

Missouri Lawmen Search For Convicts

AURORA, Mo. (UPI) — Shotgun-toting lawmen, following bloodhounds and backed by spotter aircraft, searched a rural area in southwest Missouri today for three heavily armed escaped convicts a woman hostage called "the epitome of politeness."

The three inmates, among seven who escaped from the Kansas State Penitentiary at Lansing on Sunday, exchanged gunfire with police at a roadblock outside Aurora shortly before midnight Tuesday.

After running the roadblock, and releasing Grace Furlow, 52, they fled their wrecked car on foot, authorities said.

Lawrence County Sheriff David Tatum said one of the inmates was apparently wounded in the gunfire. None of the officers was injured.

The inmates were armed with a handgun, shotgun and possibly two other weapons, the sheriff said.

"They were the epitome of politeness," Mrs. Furlow said. "They never once threatened us."

Police said Eugene Furlow, 62, and Mrs. Furlow were held hostage for about three hours before the shootout. The man was left tied up in the couple's house and later freed himself. The woman was released on a county road after the shootout. Officers said neither

of the two was injured.

Earlier Tuesday, lawmen captured escaped murderer James Murray after jumpy residents in Aurora, a town of 5,300 about 30 miles southwest of Springfield, phoned in to report a "suspicious character" walking through their neighborhood.

Murray, 24, St. Louis, was one of seven inmates who escaped from the Kansas State Penitentiary at Lansing Sunday by convincing a tower guard to let one of them, dressed in a stolen guard uniform, into the tower.

Still at large today were Everett Cameron, 32, a habitual criminal serving time for crimes that include rape, aggravated sodomy and kidnapping; Robert Bentley, 28, convicted of second-degree murder, rape and prison escape, and John Kitchell, 28, convicted of second-degree murder and assault.

Twenty-five roadblocks were set up in southeast Lawrence County Tuesday after Aurora police discovered a car stolen Monday from David Hancock, 23, of Bois'D Arc, who told police he gave four of the fugitives a ride after spotting them on a Springfield street.

"They told me they were having carburetor trouble and they were hungry," Hancock told reporters. "The next I knew they had a gun to my head."
